

Quarantine Island/ Kamau Taurua....

...is a Public Recreation Reserve and Heritage Site, co-managed by the Department of Conservation and Quarantine Island/ Kamau Taurua Community.

The Quarantine Island/Kamau Taurua Community (Inc.), formerly known as St Martin Island Community, has helped care for the Island for more than 54 years. Most of our members live in or around Dunedin; we are drawn together by our love of the Island. It is a special place – the ‘heart of the harbour’. We come to the Island to volunteer, learn hands-on ecology, plan for social justice and environmental change; to seek solitude, companionship, and spiritual rejuvenation, to share celebrations – and to have fun!

Volunteers can contribute by:

- doing ecological work, e.g. weeding around young native trees; cleaning up the beach
- helping with general maintenance and tidying
- joining us at our special and monthly open days (usually the last Saturday of the month)
- planning special events, sharing their skills and knowledge, looking after visitors
- contributing to newsletters, developing education materials, building and maintaining relationships with groups with similar values and concerns
- joining Quarantine Island/ Kamau Taurua Island Community Inc. formally, and paying a subscription.
